COLIN  
CONCRETE

Cersanit presents new formats of rectified gres, which broaden the current offer of tiles in this category: COLIN 80x80 and COLIN 60x120. Available in three colours: grey, light grey and antracithe. The subdued colors of tiles in the COLIN collection are complemented by delicate graphics inspired by the texture of concrete.

They are designed for floors in residential interiors, and thanks to excellent frost resistance parameters they can also be used outside buildings, on terraces, balconies, loggias, patios, verandas.

The classic grey of the tiles with a delicate matte finish and large squares make the COLIN collection tiles eye-catching, enchanting with their original format and simultaneous minimalism. They will look good in classic, modern and industrial interiors.

PRODUCT PORTFOLIO

**GPTU 801 LIGHT GREY**  
79,8 × 79,8

NT060-005-1

**GPTU 1201 ANTRACYT**  
59,8 × 119,8  
NT060-006-1

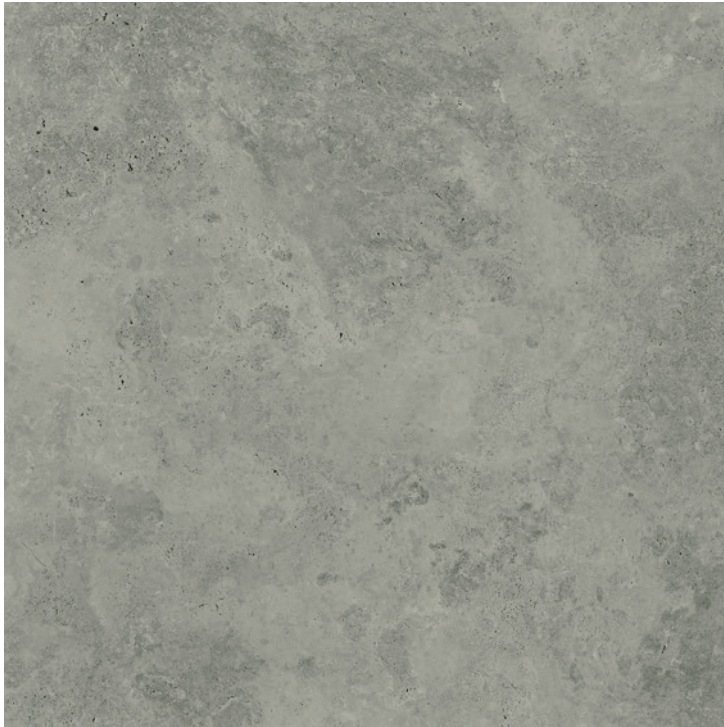

A collection of rectified gres inspired by natural stone; available in several colors: grey, light grey, cream and graphite; also available in many formats: from the small 29.9x29.8 mosaic to the large 119,8x119,8 size. The subdued colors of the tiles, the delicate finish of gres surface, so that they delight with their naturalness, will be an interesting base for modern, industrial interiors. And a properly selected format of the tile will fit any space of any size.

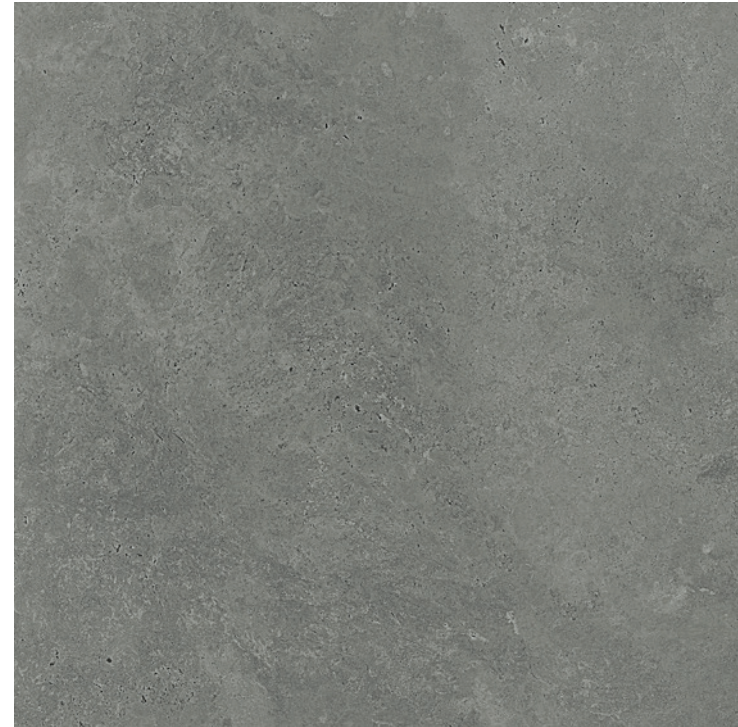

Large format CANDY tiles in the shape of squares and rectangles create intriguing surfaces with their unconventional arrangement. They'll perfectly emphasize the minimalist style of the living room, terrace or hall space, or emphasize the raw look of the bathing room.

CANDY LAPPATO

STONE

cersanit

CANDY LAPPATO

STONE

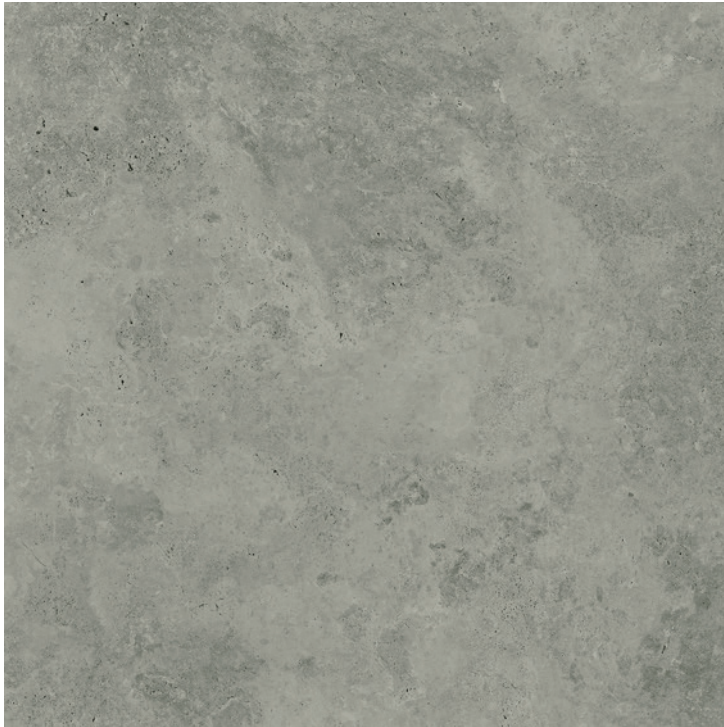

CANDY LAPPATO gres: rectified, frost-resistant, available in several colors: grey, light grey, cream and graphite; resistant to abrasion.

With such technical parameters, the products of the CANDY LAPPATO collection are perfect for all rooms: bathrooms, bedrooms, terraces or living rooms.

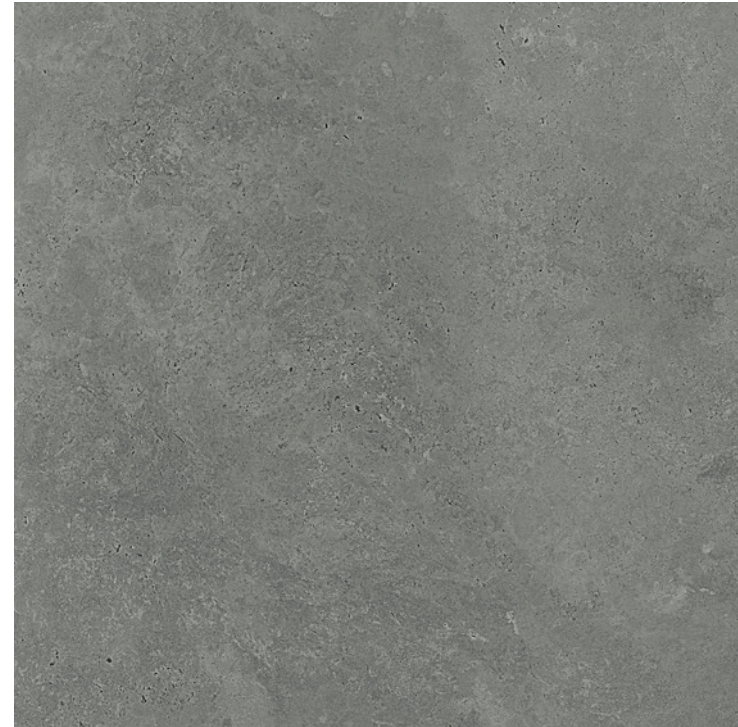

Stone inspiration, modern colors, fashionable surface finish mean that the CANDY LAPPATO collection will find recognition among many consumers.
